Wear the clothes you *Love*

Press Release

Hi,

I'm Jane McTernan, Founder and CEO of Ireland's innovative personal care company, **MONDSS**, and I would like to introduce you to **Underarm Wear**.

Underarm Wear is our breakthrough product helping you to wear the clothes you love.

MONDSS Underarm Wear is a natural, discreet and secure solution to underarm perspiration.

MONDSS Underarm Wear: 1) Adheres to your skin; 2) Absorbs and prevents perspiration marks from getting onto your clothes; 3) Locks in odour; 4) And is comfortable to wear.

Each box of **MONDSS Underarm Wear** contains self-adhesive, breathable and hygienic disposable pieces, which are applied directly to the skin. Due to this direct skin application, **MONDSS Underarm Wear** absorbs perspiration the moment it leaves your pores.

The idea of **MONDSS** came to me as I was walking into town to meet a friend on a warm day. I was wearing an orange top and knew I would get perspiration marks on it. I decided to put tissues under my arms as I had seen pictures of celebrities in magazines doing this before they went on television for interviews. After a short distance the tissues had fallen out! So I knew I needed something that would adhere to my skin and protect my clothes. I looked in shops and online but to no avail and so I started my journey to create **MONDSS Underarm Wear**.

Is **MONDSS Underarm Wear** for me? If you're tired of ruining your white shirts/ blouses/ tops with yellow stains in the underarm area, getting white marks from aerosols on your black tops, being unable to wear silk or light greys or colours or simply having visible perspiration marks on your clothes, then this is the essential product for you!

When should I wear **MONDSS Underarm Wear**? Absolutely anytime, any occasion!
